

**DAL
DEGAN**
SIMPLY SPRAYING

DAL DEGAN is a historic family-run company located in Mason di Colceresa in the province of Vicenza (north-eastern part of the Veneto region). It was founded in 1870 by Antonio Dal Degan who was a pioneer in the manufacture of manual sprayers for crop protection.

Since then, the company, always attentive to new market and consumer needs, has evolved by developing two distinct branches:

Gardening products, mainly made of polyethylene, whose range starts from 1 liter manual sprayer for domestic use, up to the 20 liters knapsack pressure sprayer, more specific for garden care or small agriculture.

Agriculture products, consisting of professional engine backpack sprayers and atomizers from 400 to 2000 liters or boom sprayers from 200 to 4000 liters normally used in open fields, greenhouses, vineyards and orchards.

Dal Degan headquarter is located in Mason di Colceresa (Italy), which is the administrative and operational center where the takes place in a total area of approximately 10,000 m².

DAL DEGAN S.R.L – Via Turra 43/5, 36064 Mason Di Colceresa
Italy

GENERAL SALES CONDITIONS

CATALOGUE: Price list just gives an approximately idea on the single products and the photos, performances and dimensions written do not commit the manufacturer.

PRICES: The prices shown below are gross and they do not include V.A.T.

ORDERS: Direct orders or from agents are considered accepted by the manufacturer only upon express confirmation within 10 days. Minimum order amount is €400.00 except for spare parts. Payment for spare parts has to be executed by COD including also shipping and packing costs.

DELIVERY TERMS: The confirmed delivery terms are indicative and do not commit the manufacturer, who is not responsible for shipping delays and is excluded from the payment for damages of any kind.

DELIVERY: The delivery if not specified in the proforma invoice, is considered as EX WORKS or eventually CPT following what is agreed between the parties.

SHIPMENT: The risk of the shipment is regulated by the incoterm agreed from the parties or eventually other private agreement stated in the proforma invoice.

PAYMENTS: Every sales is subject to the private agreement between the manufacturer and the customer. In general the manufacturer requires 100% advanced bank transfer. The payment must respect what is stated in the proforma invoice and alternative means of payment are not acceptable if not specifically agreed between the parties. If the payment is not processed before the agreed expiration date, banking interests will be applied, besides eventually major expenses..

WARRANTY: Claims has to be sent only to the address: pec@pec.daldegan.it
The manufacturer guarantees for the functionality of the product for 12 months from the delivery date, excluded the components purchased from third parties. If the product once at destination shows evident breakages or damages, the manufacturer must be notified within 10 days from the delivery date. The warranty only covers manufacturing defects, that have to be proven to the manufacturer through detailed information and photos which are always subject to evaluation by the manufacturer. Claimed goods must be shipped CPT to the manufacturer headquarter upon its own authorization.

RESPONSABILITY: The manufacturing company feels exempted from any responsibility and damage occurred to people or objects regardless of the reason. It is also exempted from any responsibility due to violations on patents as for other brands or logos that have been applied on the product.

COMPETENCE LAW-COURT: Any controversy, claim or dispute between the parties hereto concerning this Agreement shall be settled by the Vicenza law court.
